

Format: As a <Role>, I want to <goal>, so that <benefit>.

#### User Story - Applicant (Role 0)

ID	Goal	Benefit
US-AP-01	As an <b>Applicant</b> , I want to fill out the enrollment application online with all necessary personal and contact information,	so I don't have to visit the school campus just to submit paperwork.
US-AP-02	As an <b>Applicant</b> , I want to receive an email confirmation and a unique reference number after submitting my application,	so I know my application was received successfully and can track its status.
US-AP-03	As an <b>Applicant</b> , I want to check the status of my application (e.g., received, under review, accepted),	so I can prepare for the next steps or look for alternatives if necessary.

#### User Story - Student (Role 1 - Supervised Learning)

ID	Goal	Benefit
US-ST-01	As a <b>Student</b> , I want to see my learning activities for the day using <b>clear, large icons and pictures</b> , I want to fill out the enrollment application online with all necessary personal and contact information,	so I don't have to visit the school campus just to submit paperwork.
US-ST-02	As a <b>Student</b> , I want to see my learning activities for the day using <b>clear, large icons and pictures</b> ,	so my guardian or teacher can quickly explain the task to me.
US-ST-03	As a <b>Student</b> , I want to submit my completed work using a <b>large, obvious "Done" button</b> ,	so I can prepare for the next steps or look for alternatives if necessary.
US-ST-04	As a <b>Student</b> , I want to see bright, simple <b>badges</b>	so I get instant, fun feedback that encourages

	<b>or stars</b> when I finish a module,	me to keep learning.
--	---	----------------------

#### User Story - Parent (Role 2)

ID	Goal	Benefit
<b>US-PR-01</b>	As a <b>Parent</b> , I want a dashboard that summarizes my child's attendance and <b>easily accessible assignments</b> ,	so I can monitor their mandatory tasks and overall status.
<b>US-PR-02</b>	I want to view a <b>direct, read-only list</b> of my child's current incomplete tasks and deadlines,	so I can easily help them find the right activity and ensure they focus on the correct priorities.
<b>US-PR-03</b>	As a <b>Parent</b> , I want to quickly communicate with my child's teacher via a built-in messaging system,,	so I can discuss specific academic or behavioral issues.
<b>US-PR-04</b>	As a <b>Parent</b> , I want to receive alerts about any <b>incomplete tasks</b> in my child's account,	so I can ensure all homework is finished on time.

#### User Story - Teacher (Role 3)

ID	Goal	Benefit
<b>US-TE-01</b>	As a <b>Teacher</b> , I want a simple, <b>grid-based interface</b> to record and edit student attendance daily,	so I can quickly and accurately track who is present and who is absent.
<b>US-TE-02</b>	As a <b>Teacher</b> , I want to upload and link learning materials that support <b>visual learning</b> (videos, image galleries),	so I can cater to the needs of primary school students.
<b>US-TE-03</b>	As a <b>Teacher</b> , I want to quickly enter grades and <b>custom feedback emojis</b> (e.g., thumbs-up, star,	so I can provide simple, age-appropriate assessment feedback.

	happy face),	
<b>US-TE-04</b>	As a <b>Teacher</b> , I want a view that shows which students (or parents) have <b>viewed or downloaded</b> the class announcement,	so I know that important information has been received.

#### User Story - Administrator (Role 4)

ID	Goal	Benefit
<b>US-AD-01</b>	<b>As an Admin</b> , I want a secure dashboard to <b>create, view, and update</b> all user accounts (Student, Parent, Teacher) and their respective <b>roles</b> , <b>As an Admin</b> , I want a secure system to manage user accounts and easily <b>link students to their designated parents</b> ,	so I can maintain strict control over system access and data integrity.
<b>US-AD-02</b>	As an <b>Admin</b> , I want to easily schedule classes and assign teachers to specific <b>primary classrooms</b> (e.g., Grade 1-A),	so I can efficiently organize the school's academic timetable.
<b>US-AD-03</b>	As an <b>Admin</b> , I want to pull comprehensive reports on enrollment trends and student retention rates,	so school leadership can make informed strategic planning decisions.
<b>US-AD-04</b>	As an <b>Admin</b> , I want the system to automatically send welcome credentials and basic instructions to parents upon admission acceptance,	so the onboarding process for new families is smooth.
